

FAST, FUN & COST EFFECTIVE LEARNING

Your people are always on the go, and need training that moves with them. Testy Tuesday delivers fast, fun and cost effective micro-learning to your team, where they are, and when it's convenient for them.

From just R75 per person per month

Each week we deliver a set of 5 questions, aimed at making your people more effective, interesting and interested, all towards delivery a better service and experience to your customers.

It takes just 5 minutes to complete the quiz and read the answers. That's 20-25 questions per month, and 250-260 per year.
The ones do add up!!

CREATE A LEARNING CULTURE

Each week we send out a quiz (via Whatsapp) focussing on your business and the broader industry.

Menu items, Glasses, Whiskey, Cocktails, Beer, Setting a Table, Cooking Lamb, Honey, Food Safety, Customer Service, etc, etc.

We encourage business managers / leaders to engage with their team around the quiz... how they did, where they struggled, where they excelled, etc. This provides a platform for further 'training on the hoof' (we're big believers in people learning as they go).
