

FAST, FUN & COST EFFECTIVE LEARNING

Your people are always on the go, and need training that moves with them. Testy Tuesday delivers fast, fun and cost effective micro-learning to your team, where they are, and when it's convenient for them.

From just R75 per person per month

CREATE A LEARNING CULTURE

Each week we send out a quiz (via Whatsapp) focussing on your business and the broader industry.

It takes just 5 minutes to complete the quiz and read the answers. That's 20-25 questions per month, and 250-260 per year.
